SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, June 1st, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M Francis and D. E. Blackburn.

M. F. Brown, chief of the motorcycle squad, reported as follows from May 18th to June 1st:

Officer Lowans worked fourteen days, no arrests.

Officer Logan worked fourteen days, no arrests.

Officer Vallejo worked ten days; no arrests.

Officer Brown worked fourteen days, no arrests.

Surveyor Neuman reported having received and paid to the Treasurer $120 from contractors as deposits for the use of specifications for county highway work.

The following liquor dealers, having complied with the county ordinance and filed the necessary bonds, were granted permits to receive liquor licneses:

First township—Andrew Buerk San Bruno; F. P. Brass, Colma; John Biggio and Sons, Colma.

Fourth township—Johanna Quinlan, Halfmoon Bay.

The following applications for liquor licenses were given first reading and will be acted upon a month hence:

First township—Alle Allemand, Visitacion; W. J. Moore, San Bruno; New California Jockey Club, Tanforan; A. J. Wulich, Colma; J. H. Fagetti, Colma; A. G. Ramaciotti, Colma.

Second township—A. De Roche, Belmont; S. A. Amador, San Mateo.

Third township—W. A. Maloney, class A, El Camino Real, Redwood City; W. A. Maloney, class B, same location.

Fourth township—J. J. Gomes, Princeton; Wm. H. Grosskuth, Moss Beach; E. E. Kerrick, Halfmoon Bay; J. V. Azevedo, Halfmoon Bay.

Fifth township—Herman Frey, Pescadero; F. S. Duarte, Pescadero; Barker & Son, San Gregorio; C. H. Wideman, Pescadero.

Mrs. James Cronk applied for State aid for the support of her three half-orphan children and her application was recommended on motion of MacBain, seconded by Francis.

Chairman Brown was of the opinion that the allowance to each child in such cases was $8.25 monthly instead of $6.25. It was ordered by him that the clerk correspond with the State Board of Control on the subject.

Antonio Graziani of Colma petitioned the board for a license to peddle drygoods in the First township. The application was referred to Casey.

A communication was received from South San Francisco Board of Trustees informing the Board that the opinion prevailed that the fill for the new county road on the extension of Linden avenue was below the winter high-water mark.

The Surveyor was called and stated that the grade of the fill was one and one-half feet higher than the water level of last winter.

Casey called attention to the gradual filling up that was taking place in that locality, due to the wash of sand from the neighboring hillsides. It was his opinion that if the fill was high enough at this time to prevent flooding of the road in a few years from now it would not be and he believed some steps should be taken to prevent future trouble.

It was agreed on motion of Casey, seconded by MacBain, that the Board, the Surveyor and the Advisory Committee meet the South San Francisco Trustees and confer on the matter.

A communication was received from the State Highway Commission requesting the board to secure such rights of way as are necessary to complete the State Highway through the county.

It was ordered on motion of MacBain, seconded by Casey, that Chairman Brown be appointed a committee to confer with the Highway Commission in the matter.

The Clerk was directed to communicate with the Highway commission and request that the road at Beresford, which had been torn up by the Spring Valley Water Company, be replaced, the cost to be paid by the water company, as agreed.

The selection of a site for a new county jail was again laid over for two weeks, at the request of MacBain.

The report of the viewers of the road from Halfmoon Bay to Pescadero, presented at a previous meeting was taken up. A report was received from the Advisory Committee recommending that the changes in the route suggested by the viewers be adopted.

It was ordered, on motion of MacBain, seconded by Francis, that the report of viewers be adopted.

Surveyor Neuman presented plans and specifications for grading the La Honda road from the mountain top to Woodruff creek and the same were adopted on motion of MacBain seconded by Blackburn, and the Clerk directed to publish a notice calling for bids for the work.

The application of Samuel Laizarourtz of San Francisco for a license to buy and sell junk in the county was denied on motion of Blackburn, seconded by MacBain.

H. C. Tuchsen presented his resignation as a member of the Advisory Committee, which was accepted on motion of Blackburn, seconded by Francis.

A communication was received from the Panama-Pacific Exposition Committee, recommending the appointment of Mr. Tuchsen as Executive Secretary of that body. The appointment was made on motion of MacBain, seconded by Blackburn.

The following resolutions of respect to the memory of the late Joseph Debenedetti were adopted by a unanimous vote on motion of MacBain, seconded by Brown:

"Whereas, Joseph Debenedetti died on May 18, 1914, at his home in Halfmoon Bay of this county where the said Joseph Debenedetti had lived for forty-seven years, and

"Whereas, much of the beautiful history of that unique little city has clustered around this stalwart character who there began his career in business and as a citizen, and

"Whereas, the said Joseph Debenedetti was for a number of years a member of this Board of Supervisors in which he did so much work for the benefit of the county as well as the little city of his home.

"Be it therefore resolved, that this Board of Supervisors on this 1st day of June, 1914, which is the first regular meeting after the death of our neighbor and former co-worker, express to the bereaved family our sincere and heartfelt sympathy, realizing that they, as all the people of San Mateo county have sustained a great loss.

"And be it further resolved, that this board at this time adjourn out of respect to the memory of Joseph Debenedetti."

Adjourned to Monday, June 8th.

Samuel M. Shortridge

JUDGE RHODES OUT FOR SHORTRIDGE

Enthusiastic in Support of Republican Candidate for United States Senator

Hon. A. L. Rhodes, former chief justice of the Supreme Court of California, though far advanced in years and living quietly in San Jose, continues to take a deep interest in political movements. As in his earlier days Judge Rhodes is a staunch Republican and a warm supporter of Samuel M. Shortridge, candidate for the nomination on the Republican ticket for United States senator. In a recent interview Judge Rhodes expressed his hope and belief that the Republican party was soon coming back into power, and furnished the following open letter to the Republicans:

"To the Republicans of California: I wish the Republicans of California to know that I am for Samuel M. Shortridge for United States senator. The state will be honored by his presence in the national legislature. The Republican party for which he has done so much will certainly grasp the opportunity of securing him as the one highly qualified man for the place. I say this not to speak or reflect against others, but he has always been right and the people know it. It is quite certain that his merits commend him far beyond any words of mine, although I am with him with all my heart.

"Now that the people are to elect a senator all that is required is to let the fact be generally known that Samuel M. Shortridge seeks that office and he will certainly be selected by the Republicans of California as their candidate. Few men are so fortunate to have such ripened scholarship and dependable character combined.

Men Wanted For Farm Work.

The Department of Labor at Washington has sent out notice that from twelve to fifteen thousand men will be needed to harvest the wheat crop in Oklahoma. Two and a half dollars will be paid per day with board and at least six months' work guaranteed. Free state employment agencies will be established at Oklahoma City and other cities in the State to distribute the men where needed. The press is asked to spread this information.

Mrs. Walker, one of the teachers of the grammar school, has been given a leave of absence on account of ill health. She went to Alameda on Saturday and will later go to a mountain resort.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

A COMMENDABLE MOVEMENT.

A movement has been started by the Redwood City Board of Trade which should be supported to the fullest extent by every mrechant of Redwood City and everyone else interested in its development. The plan is to create a publicity and development bureau for the purpose of securing big publicity, increased population and greater business for Redwood City. In our opinion the publicity bureau should be headed by a competent newspaper man who will devote his entire time to getting news items of Redwood City into all of the San Francisco papers and other newspapers throughout the state. A live wire man devoting his full time to such work and to all other work partaining to the up-building of Redwood City should certainly accomplish a great deal.

Without question now is the time for the inauguration of such a movement. The Panama Canal is already sufficiently completed for the transportation and handling of commerce, and in a very short while San Francisco will start to receive the big benefits, increased commerce and population. Outside of San Francisco, Oakland and one or two other points, Redwood City is the only other city on the bay with the available combination of deep water and rail connection. It is up to our merchants to band together and tell the world what we have got. When the great natural assets of Redwood City are fully advertised, such publicity will act as a great magnet in attracting new manufacturies, increase population and a rapidly growing volume of business.

We of Redwood City who are alive to the situation know what vast possibilities are in store for this community if we will only let those assets be known. No one person in 500 in San Francisco knows that Redwood City has twenty feet of water at low tide, very few know that it is located at the junction of the Dumbarton cut-off with the main Coast line of the Southern Pacific, that the Dumbarton cut-off will some day undoubtedly see all transcontinental passenger and freight trains crossing over it and up the peninsula to the terminal at San Francisco.

Very few in San Francisco and elsewhere know that Redwood City is the first city down the peninsula enjoying a thorough change in climate from that of San Francisco. Very few know of the beautiful oak covered sites for homes—very few know that it is only forty minutes ride from the metropolis— that it has better transportation service than any other city between San Francisco and San Jose—that it has better streets and is better lighted than many towns of its size throughout the state—that it has an unlimited supply of pure water. Hardly any outsiders know that big captains of industry like A. Schilling, the prominent tea and coffee merchant; E. K. Wood, the multi millionaire lumber man; Mr. Hotchkiss, president of Hobbs, Wall & Co.; John B. Stauffer, manager of the Stauffer Chemical Company and other prominent men are owners and the men back of the development of the harbor project.

There is only one way for others to learn these great facts create a publicity bureau headed by a competent newspaper man who will constantly keep the name "Redwood City" before the public. It takes money to do this, but the return will be ten to one. The canal will be very shortly in active operation—in nine months time the great Panama Pacific International Exposition will be open to the public and these two—canal and the exposition will mean great things to any community like Redwood City which will reach out for its share.

This newspaper heartily endorses the plan of the Board of Trade and earnestly asks every merchant and everyone else interested in the devlopmnt of Redwood City to contribute as much financially to the bureau as possible. The more money the publicity bureau has to use the more it can accomplish. This is the golden opportunity of Redwood City, but it is all up to the various firms and merchants.

SHORTRIDGE INDORSED BY NEGRO REPUBLICANS

The Negro Republican club of Oakland last night at a meeting at 522 Eighth street, indorsed the candidacy of Samuel M. Shortridge for the Senate.

Declaring that Shortridge is a Republican of the Abraham Lincoln stamp, and that the Republican party, which brought about the freedom of the negro, still deserves their unqualified support, the club adopted a set of dresolutions declaring for Shortridge as the choice of the negroes of the State for the Senate and calling upon all negro voters to support him.

Patrons of the Bell Theater will be treated to extra big programs Saturday and Sunday, when five reels, one of which will be a popular Keystone comedy, will be shown at popular prices. Monday night will be an extra special, the feature being "The Port of Doom," a strong marine detective drama produced by the Famous Players Film Company, noted for their special plays. On Wednesday evening another installment of "The Perils of Pauline" will be given as the leading attraction. With the exception of Monday evening, when the prices will be 10 and 20 cents, popular prices will prevail.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts

SOUTH SAN FRANCISCO.

Mrs. A. Hynding, who has been ill for some time past, has now completely recovered her health.

Dr. H. G. Plymire has returned from a vacation visit to points in Alameda county.

The new Hickey bungalow on Grand avenue have been completed and are now ready for occupancy.

SAN BRUNO NOTES.

Mr. and Mrs. E. L. Brown of San Francisco have rented the McCarthy cottage for the summer.

Mrs. Coryell of the third addition is visiting with relatives in San Jose for a short time.

The San Bruno schools will close for the summer vacation June 19th, when graduation exercises will be held by the pupils of the eighth grade in the evening.

The Epworth League of the Methodist church has elected the following officers: Nelson Smith, president; Miss Ivy Wilkinson, first vice president; Miss Mary Golding, second vice president; Miss Constance Bertels, secretary; William Sullivan, treasurer.

SAN MATEO AND BURLINGAME.

The Burlingame Advance has moved into larger and more substantial quarters and installed new printing machinery.

Ed. Oliphant and J. S. Madden have been appointed as the police force of Burlingame. The two officers will alternate on the night and day forces.

Burlingame's new city hall has been completed and the city officials have taken possession of their new quarters. The new building also contains quarters for the fire department and a city jail.

BELMONT NOTES.

Mrs. Harold Hansen is spending the week with relatives in Santa Clara.

The M. O. Markhams entertained a number of San Francisco friends over the week end.

The Smith Carrs motored down from San Francisco and spent the week end at their bungalow here.

Mr. Eggers came down on Saturday and spent a couple of days here looking after his property interests.

Mrs. J. O'Brien, who has been confined to her bed for the past week suffering from a severe cold, is much improved.

Mr. and Mrs. Jens, who have been spending a few days here at the Hansen home, have returned to their ranch in Santa Clara county.

The Bowles and Lucy families moved to San Mateo on Saturday, Mr. Bullock having bought their home here, which he took possession of immediately.

WOODSIDE AND PORTOLA

Mrs. James Athearn Folger and her daughters, Miss Evelyn and Miss Genevieve Cunningham, are expected home shortly from their interesting trip to Europe. James Athearn Folger has gone East to meet them on their landing in New York.

Dr. and Mrs. George B. Somers today opened their country seat at Woodside. During the summer they will entertain the latter's brother and sister-in-law, Mr. and Mrs. Arthur Hooper, for brief visits.

A most delightful surprise party was given to Miss McDonnell, Tuesday evening at the home of Mrs. G. C. Nahmens, the occasion being Miss McDonnell's birthday. The spacious veranda and lovely garden were lighted up by Jack-o'-lanterns. The table was a scene of beauty, the color scheme being pink. From the centerpiece of pink sweetpeas pink ribbons attached fortunes to hand-painted place cards. An interesting guessing game was played and prizes were given to the winners. Grace Nahmens won the girls' prize, while Tony Rodgers won the boys'. Much merriment was caused when all the guests were given a ride in an airship. Thro' the greater part of the evening participants tripped the light fantastic toe on the porch. At a late hour the guests retired to the dining-room, where delicious refreshments were served. After toasts given by Grace Nahmens, Marguerite Rodgers, Miss Kleemeyer and Miss McDonnell, the guests pulled their strings and read their fortunes aloud. Everyone enjoyed the varied events and hoped to have the pleasure soon of another surprise party. After wishing Miss McDonnell many happy returns the guests departed. The following were present: Miss McDonnell, Louise Boos, Grace Nahmens, Marguerite Rodgers, Julia McDonnell, Leonard Boos, Pearl Nahmens, James Root, Eva Rodgers, Manuel Oliver, Nannie McDonnell, Tony Rodgers, Mrs. Boos, Mr. and Mrs. Nahmens, Miss Kleemeyer.

Mr. Blye, of Point Richmond, was the week-end guest of Mrs. Will Nahmens. Mr. Blye is the great-grandfather of the Nahmens children.

Miss E. McDonnell, primary teacher of Portola school, made a flying trip to Oakland last Saturday.

Misses Annete and Helen Hooper of Woodside entertained a number of their friends with a house party in the Kappa Alpha house on the Stanford campus Saturday and Sunday. Saturday evening they gave a one-step party, inviting many of the Stanford students who are remaining in the vicinity for the summer.

Pescadero for Shortridge.

Pescadero, Cal., June 4, 1914.

Editor Times-Gazette—Dear Sir: I am a long resident of Pescadero and have voted here for over forty years, and am what might be termed a stand pat Republican. I have looked over the ground very carefully and have reviewed the candidates with care and caution, and I have reached the conclusion that the best choice the people of California can make for United States Senator is that of Samuel M. Shortridge. He represents the Republican party and has never failed to assist his party in its campaigns. The office is one of great importance to the people of the coast, which needs a giant like Shortridge to represent her people.

Over this way we are a unit for Shortridge, as we believe we make no mistake in advocating the nomination and election of such a man for such an exalted position.

The people of San Mateo county no doubt will take great pleasure in supporting him, as he has been a resident of and now claims his residence in this county. Therefore, the next Senator for the State of California will be from San Mateo county, and it is with pleasure that I am able to say that the intelligence and the patriotic vote of Pescadero and vicinity is for Samuel M. Shortride for United States Senator, first, last and all the time.

Yours respectfully,
PESCADERO REPUBLICAN.

The First Principle Of the Salaried Man Should Be— TO SAVE

It is possible that luck may play an important part in the quick making of fortunes, but it has nothing to do with fortunes accumulated from the savings of labor.

A bank account, however, will be of assistance and the young man or woman who will take this method of saving from his or he salary will eventually reach the desired goal.

This bank welcomes the accounts of those people who are working on salary and have a desire to save a part of it, We pay 4%, compounded every six months.

There are a great many Beers brewed throughout our country and put upon the market under the brand of "Bohemian." For the purpose of individualizing our product and also for the reason to link it closer to the name of our plant, we have decided to re-christen our popular "Bohemian" and call it plain "Buffalo Lager."

On April 1st of this year our new Bottled Beer will be put on the market dressed in the New Label. It is our endeavor that the new label shall represent extreme care in brewing and expert inspection at every stage of production from the raw material to the packing for marketing. Only the best materials are used for the manufacture of "Buffalo Lager," which coupled with up-to-date methods in the art of brewing will present to the beer drinking public a Table Beer "par excellence."

We thank you for the many past favors received at your hands and sincerely solicit the continuance of your patronage.

BANKER DISCUSSES BUSINESS PROBLEMS

President L. P. Behrens Delivers Strong Address at Annual Convention of Bankers

L. P. Behrens, since his return from Oakland where he presided over the annual convention of the State Bankers' Association, has received many flattering letters from the bankers of the State complimenting him upon his able administration. He has been president of the association for the past year. Mr. Behrens was presented with a beautiful loving cup, suitably engraved, as a mark of esteem in which he is held by his fellow bankers. At the opening of the convention Wednesday Mr. Behrens delivered the following well-timed address:

Custom makes it the duty of your president to address the members of the Association at our annual convention, and it gives me great pleasure to perform that duty and to welcome you here today, to our twenty-first convention.

Nine years ago we assembled in this progressive and hospitable city, located in one of the beauty spots of California. Today we meet again, but in a new Oakland. The wonderful growth and prosperity evidenced on every hand, only emphasizes the growth of our glorious state.

To have served as president of this—one of the best and most successful Bankers Association—is a distinction of which anyone may justly feel proud. I am deeply conscious of the many honors that have been conferred upon me by the members and for these I am truly grateful.

We have completed twenty-three years as an Association and it would be well for us to pause for a moment and look back over our history to see if we have justified our existence. Have we been a force for the up-building of conservative and sound banking? Have we been a factor in the development of our respective communities? Have we done our work in the past in such a way that we can look with confidence into the future?

I feel that the justification of our existence comes when we look around and see the splendid body of men into whose keeping is entrusted the financial interests of our wonderful state.

Since our last convention much has occurred to affect the commercial and financial welfare of the United States and particularly of California and the Pacific States.

Change in Banking Laws.

First of importance to the banking world is our new Federal Banking System. Practically all the national banks, and a good sprinkling of state institutions, have gone into the system, thus insuring ample capital for the regional banks, one of which we are fortunate to have located in San Francisco.

The new law may not be entirely ideal, but it surely contains much that is good, which if properly administered and the Regional Banks well conducted, will serve the business of the country for many years to come. We have now broken away from the old national bank act which served its purpose so long—though outgrown years ago—and if weak spots are found in the new law it will not take long to correct them by the necessary legislation.

The Federal Reserve Board has been appointed and is clothed with great power, therefore, the success or failure of the new plan will mainly depend on their administration. It will not be many months before the Federal Reserve Banks will be in full operation. They mobolize the money reserves of the country, thereby giving us an elastic currency as well as a re-discount market in times of need, and since it is the law of the land, I deem it the duty of all bankers to co-operate in every way to make the system the greatest possible success.

Panama Canal and the Added Responsibilities.

Second in importance is the opening of the Panama Canal, joining two great oceans, thus giving us a new sea route which materially shortens communication between our continental shores. In consequence of the completion of this wonderful piece of work, fleets greater in tonnage and with more valuable cargoes than ever before known, will on the Pacific spread their white wings or beat the waters with their propellers, carrying our ever increasing poducts to the markets of the world. We must then be alive to the opportunities that await us on every hand for by reason of our natural location, we will surely draw from the two billions of people of the world, increased population and capital. We must be prepared to care for them, to demonstrate our many possibilities in such a way that our great valleys will be developed as never before and that on the shores of our harbors new industries will arise and old ones will take on renewed activity.

Development of Our Natural Resources and Need of Attention to Agriculture.

The question of fuel has been solved by our ever increasing output of oil and by the harnessing of our mountain streams for the generating of electric power. This joined with the never failing productiveness of our soil, should give us abounding faith in the stability of our state. But have we not been just a little slow in the interest we have shown in the development of our greatest natural resources? In other words, has it not taken too long for the bankers to fully realize the importance of our various agricultural possibilities, and to learn that they must take an active part in this great work, as the bankers in other states have done and are doing?. Henceforth, we should be business men rather than professional men. We must be conversant with many lines of industry and especially those affecting our own territory. More particularly should we make a united effort to give a great impetus to the development of agriculture in all its branches by giving wise counsel as well as substantial financial aid to our farmer. We must somehow teach them that intelligent and scientific farming of the lands not now cultivated or poorly cultivated will surely bring forth larger returns. which will lift their mort-

... which can build up the greatest debt. Some day payment must be made and then the trouble will begin.

The American people as a nation dislike to be told that they are unthrifty and yet it is true that they are in some ways unthrifty in the extreme. While they know how to make money, they do not know how to spend it nor therefore how to save it. Too much money is spent in senseless pleasure. A crtain amount of pleasure is needed by all classes as there cannot be efficient work where there is no play, but there is no doubt that one billion dollars are spent annually by the people of the United States on indulgences largely unnecessary and California certainly spends her full quota.

Now, if we can by any means keep before the people the necessity of economy in public expenditures as well as the need of

... day in the year. Much more could be accomplished if every member would realize that he could be an important factor in this great work, and endeavor to bring into the fold the few banks that are still without. The affairs of the Association, however, are in excellent condition as will be shown by the several reports.

I hope this convention will be productive of much good and cement more closely our common interests and our friendships.

In closing, I desire to express to our untiring secretary, Mr. Colburn, to our treasurer, Mr. High, and to the members of the various committees as well as to the members of the Association, my appreciation of the uniform courtesy accorded me during my term of office. I also wish to thank the officers for the splendid service given to the interest of this Association during the past year.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

A COMMENDABLE MOVEMENT.

A movement has been started by the Redwood City Board of Trade which should be supported to the fullest extent by every mrechant of Redwood City and everyone else interested in its development. The plan is to create a publicity and development bureau for the purpose of securing big publicity, increased population and greater business for Redwood City. In our opinion the publicity bureau should be headed by a competent newspaper man who will devote his entire time to getting news items of Redwood City into all of the San Francisco papers and other newspapers throughout the state. A live wire man devoting his full time to such work and to all other work partaining to the up-building of Redwood City should certainly accomplish a great deal.

Without question now is the time for the inauguration of such a movement. The Panama Canal is already sufficiently completed for the transportation and handling of commerce, and in a very short while San Francisco will start to receive the big benefits, increased commerce and population. Outside of San Francisco, Oakland and one or two other points, Redwood City is the only other city on the bay with the available combination of deep water and rail connection. It is up to our merchants to band together and tell the world what we have got. When the great natural assets of Redwood City are fully advertised, such publicity will act as a great magnet in attracting new manufacturies, increase population and a rapidly growing volume of business.

We of Redwood City who are alive to the situation know what vast possibilities are in store for this community if we will only let those assets be known. No one person in 500 in San Francisco knows that Redwood City has twenty feet of water at low tide, very few know that it is located at the junction of the Dumbarton cut-off with the main Coast line of the Southern Pacific, that the Dumbarton cut-off will some day undoubtedly see all transcontinental passenger and freight trains crossing over it and up the peninsula to the terminal at San Francisco.

Very few in San Francisco and elsewhere know that Redwood City is the first city down the peninsula enjoying a thorough change in climate from that of San Francisco. Very few know of the beautiful oak covered sites for homes—very few know that it is only forty minutes ride from the metropolis— that it has better transportation service than any other city between San Francisco and San Jose—that it has better streets and is better lighted than many towns of its size throughout the state—that it has an unlimited supply of pure water. Hardly any outsiders know that big captains of industry like A. Schilling, the prominent tea and coffee merchant; E. K. Wood, the multi millionaire lumber man; Mr. Hotchkiss, president of Hobbs, Wall & Co.; John B. Stauffer, manager of the Stauffer Chemical Company and other prominent men are owners and the men back of the development of the harbor project.

There is only one way for others to learn these great facts create a publicity bureau headed by a competent newspaper man who will constantly keep the name "Redwood City" before the public. It takes money to do this, but the return will be ten to one. The canal will be very shortly in active operation—in nine months time the great Panama Pacific International Exposition will be open to the public and these two—canal and the exposition will mean great things to any community like Redwood City which will reach out for its share.

This newspaper heartily endorses the plan of the Board of Trade and earnestly asks every merchant and everyone else interested in the development of Redwood City to contribute as much financially to the bureau as possible. The more money the publicity bureau has to use the more it can accomplish. This is the golden opportunity of Redwood City, but it is all up to the various firms and merchants.

SHORTRIDGE INDORSED BY NEGRO REPUBLICANS

The Negro Republican club of Oakland last night at a meeting at 522 Eighth street, indorsed the candidacy of Samuel M. Shortridge for the Senate.

Declaring that Shortridge is a Republican of the Abraham Lincoln stamp, and that the Republican party, which brought about the freedom of the negro, still deserves their unqualified support, the club adopted a set of dresolutions declaring for Shortridge as the choice of the negroes of the State for the Senate and calling upon all negro voters to support him.

Patrons of the Bell Theater will be treated to extra big programs Saturday and Sunday, when five reels, one of which will be a popular Keystone comedy, will be shown at popular prices. Monday night will be an extra special, the feature being "The Port of Doom," a strong marine detective drama produced by the Famous Players Film Company, noted for their special plays. On Wednesday evening another installment of "The Perils of Pauline" will be given as the leading attraction. With the exception of Monday evening, when the prices will be 10 and 20 cents, popular prices will prevail.

Dr. H. G. Plymire has returned from a vacation visit to points in Alameda county.

The new Hickey bungalow on Grand avenue have been completed and are now ready for occupancy.

SAN BRUNO NOTES.

Mr. and Mrs. E. L. Brown of San Francisco have rented the McCarthy cottage for the summer.

Mrs. Coryell of the third addition is visiting with relatives in San Jose for a short time.

The San Bruno schools will close for the summer vacation June 19th, when graduation exercises will be held by the pupils of the eighth grade in the evening.

The Epworth League of the Methodist church has elected the following officers: Nelson Smith, president; Miss Ivy Wilkinson, first vice president; Miss Mary Golding, second vice president; Miss Constance Bertels, secretary; William Sullivan, treasurer.

SAN MATEO AND BURLINGAME.

The Burlingame Advance has moved into larger and more substantial quarters and installed new printing machinery.

Ed. Oliphant and J. S. Madden have been appointed as the police force of Burlingame. The two officers will alternate on the night and day forces.

Burlingame's new city hall has been completed and the city officials have taken possession of their new quarters. The new building also contains quarters for the fire department and a city jail.

BELMONT NOTES.

Mrs. Harold Hansen is spending the week with relatives in Santa Clara.

The M. O. Markhams entertained a number of San Francisco friends over the week end.

The Smith Carrs motored down from San Francisco and spent the week end at their bungalow here.

Mr. Eggers came down on Saturday and spent a couple of days here looking after his property interests.

Mrs. J. O'Brien, who has been confined to her bed for the past week suffering from a severe cold, is much improved.

Mr. and Mrs. Jens, who have been spending a few days here at the Hansen home, have returned to their ranch in Santa Clara county.

The Bowles and Lucy families moved to San Mateo on Saturday, Mr. Bullock having bought their home here, which he took possession of immediately.

WOODSIDE AND PORTOLA

Mrs. James Athearn Folger and her daughters, Miss Evelyn and Miss Genevieve Cunningham, are expected home shortly from their interesting trip to Europe. James Athearn Folger has gone East to meet them on their landing in New York.

Dr. and Mrs. George B. Somers today opened their country seat at Woodside. During the summer they will entertain the latter's brother and sister-in-law, Mr. and Mrs. Arthur Hooper, for brief visits.

A most delightful surprise party was given to Miss McDonnell, Tuesday evening at the home of Mrs. G. C. Nahmens, the occasion being Miss McDonnell's birthday. The spacious veranda and lovely garden were lighted up by Jack-o'-lanterns. The table was a scene of beauty, the color scheme being pink. From the centerpiece of pink sweetpeas pink ribbons attached fortunes to hand-painted place cards. An interesting guessing game was played and prizes were given to the winners. Grace Nahmens won the girls' prize, while Tony Rodgers won the boys'. Much merriment was caused when all the guests were given a ride in an airship. Thro' the greater part of the evening participants tripped the light fantastic toe on the porch. At a late hour the guests retired to the dining-room, where delicious refreshments were served. After toasts given by Grace Nahmens, Marguerite Rodgers, Miss Kleemeyer and Miss McDonnell, the guests pulled their strings and read their fortunes aloud. Everyone enjoyed the varied events and hoped to have the pleasure soon of another surprise party. After wishing Miss McDonnell many happy returns the guests departed. The following were present: Miss McDonnell, Louise Boos, Grace Nahmens, Marguerite Rodgers, Julia McDonnell, Leonard Boos, Pearl Nahmens, James Root, Eva Rodgers, Manuel Oliver, Nannie McDonnell, Tony Rodgers, Mrs. Boos, Mr. and Mrs. Nahmens, Miss Kleemeyer.

Mr. Blye, of Point Richmond, was the week-end guest of Mrs. Will Nahmens. Mr. Blye is the great-grandfather of the Nahmens children.

Miss E. McDonnell, primary teacher of Portola school, made a flying trip to Oakland last Saturday.

Misses Annete and Helen Hooper of Woodside entertained a number of their friends with a house party in the Kappa Alpha house on the Stanford campus Saturday and Sunday. Saturday evening they gave a one-step party, inviting many of the Stanford students who are remaining in the vicinity for the summer.

Pescadero for Shortridge.

Pescadero, Cal., June 4, 1914.

Editor Times-Gazette—Dear Sir: I am a long resident of Pescadero and have voted here for over forty years, and am what might be termed a stand pat Republican. I have looked over the ground very carefully and have reviewed the candidates with care and caution, and I have reached the conclusion that the best choice the people of California can make for United States Senator is that of Samuel M. Shortridge. He represents the Republican party and has never failed to assist his party in its campaigns. The office is one of great importance to the people of the coast, which needs a giant like Shortridge to represent her people.

Over this way we are a unit for Shortridge, as we believe we make no mistake in advocating the nomination and election of such a man for such an exalted position.

The people of San Mateo county no doubt will take great pleasure in supporting him, as he has been a resident of and now claims his residence in this county. Therefore, the next Senator for the State of California will be from San Mateo county, and it is with pleasure that I am able to say that the intelligence and the patriotic vote of Pescadero and vicinity is for Samuel M. Shortride for United States Senator, first, last and all the time.

Yours respectfully,
PESCADERO REPUBLICAN.

The First Principle Of the Salaried Man Should Be— TO SAVE

It is possible that luck may play an important part in the quick making of fortunes, but it has nothing to do with fortunes accumulated from the savings of labor.

A bank account, however, will be of assistance and the young man or woman who will take this method of saving from his or he salary will eventually reach the desired goal.

This bank welcomes the accounts of those people who are working on salary and have a desire to save a part of it, We pay 4%, compounded every six months.

There are a great many Beers brewed throughout our country and put upon the market under the brand of "Bohemian." For the purpose of individualizing our product and also for the reason to link it closer to the name of our plant, we have decided to re-christen our popular "Bohemian" and call it plain "Buffalo Lager."

On April 1st of this year our new Bottled Beer will be put on the market dressed in the New Label. It is our endeavor that the new label shall represent extreme care in brewing and expert inspection at every stage of production from the raw material to the packing for marketing. Only the best materials are used for the manufacture of "Buffalo Lager," which coupled with up-to-date methods in the art of brewing will present to the beer drinking public a Table Beer "par excellence."

We thank you for the many past favors received at your hands and sincerely solicit the continuance of your patronage.

BANKER DISCUSSES BUSINESS PROBLEMS

President L. P. Behrens Delivers Strong Address at Annual Convention of Bankers

L. P. Behrens, since his return from Oakland where he presided over the annual convention of the State Bankers' Association, has received many flattering letters from the bankers of the State complimenting him upon his able administration. He has been president of the association for the past year. Mr. Behrens was presented with a beautiful loving cup, suitably engraved, as a mark of esteem in which he is held by his fellow bankers. At the opening of the convention Wednesday Mr. Behrens delivered the following well-timed address:

Custom makes it the duty of your president to address the members of the Association at our annual convention, and it gives me great pleasure to perform that duty and to welcome you here today, to our twenty-first convention.

Nine years ago we assembled in this progressive and hospitable city, located in one of the beauty spots of California. Today we meet again, but in a new Oakland. The wonderful growth and prosperity evidenced on every hand, only emphasizes the growth of our glorious state.

To have served as president of this—one of the best and most successful Bankers Association—is a distinction of which anyone may justly feel proud. I am deeply conscious of the many honors that have been conferred upon me by the members and for these I am truly grateful.

We have completed twenty-three years as an Association and it would be well for us to pause for a moment and look back over our history to see if we have justified our existence. Have we been a force for the up-building of conservative and sound banking? Have we been a factor in the development of our respective communities? Have we done our work in the past in such a way that we can look with confidence into the future?

I feel that the justification of our existence comes when we look around and see the splendid body of men into whose keeping is entrusted the financial interests of our wonderful state.

Since our last convention much has occurred to affect the commercial and financial welfare of the United States and particularly of California and the Pacific States.

Change in Banking Laws.

First of importance to the banking world is our new Federal Banking System. Practically all the national banks, and a good sprinkling of state institutions, have gone into the system, thus insuring ample capital for the regional banks, one of which we are fortunate to have located in San Francisco.

The new law may not be entirely ideal, but it surely contains much that is good, which if properly administered and the Regional Banks well conducted, will serve the business of the country for many years to come. We have now broken away from the old national bank act which served its purpose so long—though outgrown years ago—and if weak spots are found in the new law it will not take long to correct them by the necessary legislation.

The Federal Reserve Board has been appointed and is clothed with great power, therefore, the success or failure of the new plan will mainly depend on their administration. It will not be many months before the Federal Reserve Banks will be in full operation. They mobolize the money reserves of the country, thereby giving us an elastic currency as well as a re-discount market in times of need, and since it is the law of the land, I deem it the duty of all bankers to co-operate in every way to make the system the greatest possible success.

Panama Canal and the Added Responsibilities.

Second in importance is the opening of the Panama Canal, joining two great oceans, thus giving us a new sea route which materially shortens communication between our continental shores. In consequence of the completion of this wonderful piece of work, fleets greater in tonnage and with more valuable cargoes than ever before known, will on the Pacific spread their white wings or beat the waters with their propellers, carrying our ever increasing poducts to the markets of the world. We must then be alive to the opportunities that await us on every hand for by reason of our natural location, we will surely draw from the two billions of people of the world, increased population and capital. We must be prepared to care for them, to demonstrate our many possibilities in such a way that our great valleys will be developed as never before and that on the shores of our harbors new industries will arise and old ones will take on renewed activity.

Development of Our Natural Resources and Need of Attention to Agriculture.

The question of fuel has been solved by our ever increasing output of oil and by the harnessing of our mountain streams for the generating of electric power. This joined with the never failing productiveness of our soil, should give us abounding faith in the stability of our state. But have we not been just a little slow in the interest we have shown in the development of our greatest natural resources? In other words, has it not taken too long for the bankers to fully realize the importance of our various agricultural possibilities, and to learn that they must take an active part in this great work, as the bankers in other states have done and are doing?. Henceforth, we should be business men rather than professional men. We must be conversant with many lines of industry and especially those affecting our own territory. More particularly should we make a united effort to give a great impetus to the development of agriculture in all its branches by giving wise counsel as well as substantial financial aid to our farmer. We must somehow teach them that intelligent and scientific farming of the lands not now cultivated or poorly cultivated will surely bring forth larger returns, which will lift their mortgages, reduce the cost of living, remove in part the cause of social unrest, add to their prosperity and increase the wealth of our nation. We all know that "as the farmer prospers so prospers the state."

Economic Loss Makes Attention Imperative.

Both Mr. Jess and Mr. Edwards, in their annual addresses spoke of the importance of this work, but for some reason our members as a whole did not grasp the great good that could be accomplished and for undertaken.

that reason active work has not been undertaken.

It was my good fortune to be present at our National Convention at Boston, and while there, I attended the meeting of the agricultural section, and was much impressed by the great good that is being accomplished by improved and systematic methods of farming, and I assure you that if I were located in an agricultural section I would be glad to aid in the work which I consider of so much value to our state.

That you may more fully realize the importance of this work, I will say that last year the United States lost to Canada over 100,000 of her farmers and many millions of American gold. This can and should be checked, and after we have listened to the able paper prepared on this subject, I hope a proper committee will be named to take in hand earnestly this most important matter.

Irrigation, reclamation and flood control which also means so much to our state will soon be a matter for our serious consideration. Let us not undervalue the importance of this great movement and have each do his part so that such plans may be promptly put in operation wherever possible and thus increase our already immense production.

From statistics gathered by the California Development Board, we learn that the value of all soil products for the year 1913 amounted to the enormous sum of over $554,000,000.00. Added to this the valuation of manufacture gives the grand total valuation of all California products for the year of over $1,110,000,000.00. A sum indeed to be proud of.

National and State Legislation Affecting Banking.

Great problems have been considered by our national law makers since our last convention and many laws have been passed. The fore most probably is the modification of our tariff law. While some industries of our state will suffer great loss, it is yet too early to forecast its effect on the general prosperity of our state or on that of the United States as a whole.

The income tax law with its many perplexities has added another burden of taxation. This together with our corporation licenses and numerous other taxes surely takes a considerable slice of our earnings, and I am inclined to believe that we are now paying more than our just proportion of taxes.

Within the last year many new state laws have also been passed which directly or indirectly affect us. We have now been working about a year under our amended state banking law which is more comprehensive and liberal than was the old act, and for that reason a better feeling exists between the bankers and the superintendent's office.

The employer's liability law, while its effect on the bank is slight, is nevertheless of great importance as it affects all interests employing labor, and as many of the bank customers are amenable to the provisions of the law, we must for that reason consider it as an additional factor in our risk.

Group System and Institutes of Bank Clerks Commendable.

Within the year several sections of our banking territory have been organized into what we term "group system" and are reaping the benefits of closer association. It is to be hoped that our sections will follow in this laudable movement.

Another branch of our work which is well worth our loyal support is the Institute of Bank Clerks. We owe a duty to the men in our banks and should aid them in acquiring a technical knowledge of their profession. Banking is constantly becoming more highly specialized and a knowledge of the theory as well as the practice is necessary to the men who would succeed. This is an era of technical training and we must not lag bheind other lines of business in giving proper training to our men.

Public and Private Economy.

Without desiring in any way to be an alarmist, it seems to me that the time has come to make some concerted effort to check public and private wastefulness. Government is constantly becoming more costly, and bonded indebtedness is rapidly increasing. Each community seems to be vying with the other to see which can build up the greatest debt. Some day payment must be made and then the trouble will begin.

The American people as a nation dislike to be told that they are unthrifty and yet it is true that they are in some ways unthrifty in the extreme. While they know how to make money, they do not know how to spend it nor therefore how to save it. Too much money is spent in sensless pleasure. A crtain amount of pleasure is needed by all classes as there cannot be efficient work where there is no play, but there is no doubt that one billion dollars are spent annually by the people of the United States on indulgences largely unnecessary and California certainly spends her full quota.

Now, if we can by any means keep before the people the necessity of economy in public expenditures as well as the need of thrift in the management of their private affairs, we shall become an important factor in checking the great waste that is today threatening the financial prosperity of our land and the comfort and happiness of our people.

Much work is either contemplated or underway that will put great sums into circulation. The building of our state highway, added to the expenditures being made by our counties and municipalities in roads and streets, together with work on our world's fair buildings, and the demands of the crop gathering season should furnishe ample labor for the unemployed.

The harvest season is now upon us and from every section of our state comes the assurance of satisfactory yields. This coupled with a steady increasing market at remunerative prices should make us all smile with the thought of ever increasing riches, but along with all the prosperity, and in the midst of all this bounty, let us resolve to act wisely and perform our duty consistently to our stockholders and depositors alike.

Satisfactory Condition of the Association.

I have visited many banks during the year and all express themselves as being satisfied with conditions, and many express their appreciation of the bulletins issued from the office of our secretary, who is always courteous and active in his endeavors to make our Association one of the very best.

I have purposely avoided making any extended mention of our splendid growth in membership, although it has been one of the largest in our history, or of details concerning the many matters which have come before us during the past year, but I assure you our Association is accomplishing a great work, as will be evidenced by the reports of our secretary, treasurer, the chairman of the council of administration and the chairmen of the various committees. These will certainly demonstrate to you that your Association is busy in your behalf every day in the year. Much more could be accomplished if every member would realize that he could be an important factor in this great work, and endeavor to bring into the fold the few banks that are still without. The affairs of the Association, however, are in excellent condition as will be shown by the several reports.

I hope this convention will be productive of much good and cement more closely our common interests and our friendships.

In closing, I desire to express to our untiring secretary, Mr. Colburn, to our treasurer, Mr. High, and to the members of the various committees as well as to the members of the Association, my appreciation of the uniform courtesy accorded me during my term of office. I also wish to thank the officers for the splendid service given to the interest of this Association during the past year.

Charles Taylor, formerly of this place, will be united in marriage to a popular society belle of San Francisco on June 11. The wedding will be a big society event. Mr. Taylor is the assistant city engineer of the metropolis, a position he is filling with great credit to himself and the taxpayers of the city.

One of the best baseball games of the season was played on the local diamond when the home team defeated the Noe Valley nine of San Francisco by a score of 3 to 1. The contest was featured with brilliant plays on both sides. The local nine will play the Federals of San Francisco tomorrow afternoon. The fans should turn out in full force to see what promises to be a splendid game.

Miss Ernestine McNear, the attractive daughter of Mr. and Mrs. George McNear, announces her engagement to George Nickel, son of Mr. and Mrs. J. Leroy Nickel of Menlo Park. Miss McNear is one of the real beauties of society, a tall, willowy girl with masses of light brown hair, blue eyes and a dimpled expression that reminds one of a violet. The McNear family is widely connected, the grandfather of Miss McNear being one of the pioneer land and grain men of Central California, and the marriage will unite two of the wealthiest families of California. Mr. Nickel is a son of Mr. and Mrs. J. Leroy Nickel. As one of the heirs of his grandfather, Henry Miller, who resides with the Nickel family, young Nickel will some day be one of the richest men in California. He graduated from Yale in 1910.

The Kennedy Indians will arrive in town this (Saturday) afternoon at 2 o'clock. It will be the first stop and first camp on their six weeks' "hike." A large reception committee will receive them and look to their comfort. Great enthusiasm over their coming is manifest all along the peninsula. Numerous week-end parties, preparatory to attending big vaudeville of the Indians, are being arranged by the prominent people of Menlo Park, Palo Alto, Redwood, San Carlos, San Mateo and Burlingame. The Big Show Saturday evening will be indoors in the Hall, and outdoors on the grounds of the Church of the Nativity The Kennedy Indians have been working on the program steadily since the first of the year and they promise a variety that will satisfy every taste and meet every humor. After the vaudeville program special music will be provided in the Hall for those who wish to enjoy themselves there, while the big Band of the Indians will give an open-air concert on the grounds of the church. During the band concert refreshments will be served on the lawns and under the trees beneath a canopy of colored lanterns. While admission will be received at the door on the night of the entertainment, it will be safer to secure tickets. For every ticket sold a seat will be held. Tickets at 50c are on sale at Duff & Doyle's, Menlo Park; Ryan's drugstore, Redwood City; and at The Regent, Palo Alto.

COUNTY ROAD IMPROVEMENT DISCUSSED BY CITY COUNCIL

While the regular session of the city council last Monday evening was far from a short one, an unusually small amount of business came up for consideration and what was presented was entirely of a routine nature. With all of the trustees present, a considerable time, however, was devoted to discussion of further work in the line of street improvement in connection with the completion of the work of making of the County road a thoroughfare of which the city may well be proud. From the discussion it is evidently othe desire of the trustees that before the advent of the next winter this important street shall be in first class condition for its entire width. While the work being done by the county as a part of the general highway system will include by far the greater portion of the roadway, it seems to be the intention to complete the pavement in such a manner as to make it uniform and thoroughly substantial in character. With a realization of the fact that the abutting property will be called upon to bear but a small portion of the cost of improvement, it seems to be the design to make that of the best. This will include mainly the installation of concrete curbs and gutters and the oiling of the surface of the macadam portion of the roadway. In order that there may be no delay, Superintendent of Streets Dickey and City Engineer Sears were instructed to prepare for presentation at the next meeting a report designating the amount and character of the work to be done.

A petition presented by T. C. Rice for permission to extend the existing Gray-Thorning spur track to Buckeye street was granted, the only restriction imposed bieng a guarantee that the street shall be restored to as good condition as before the work was done.

At the suggestion of Chief Winter of the fire department, it was decided to purchase five each of San Francisco and Cory fire hydrants. The latter is of a pattern new to this city which seemingly possesses some points of merit and it is designed to give the make a fair trial.

Street Superintendent Dickey was given authority to place new stand pipes on Stambaugh street for the use of the street sprinkling wagons. It is hoped by this means to relieve residents of that section of the annoyance of "water hammer" in the pipes.

Clerk Plump having no other business to present, an adjournment was taken until Friday evening, the date set for the opening of bids for the improvement of streets in the district west of the County road.

Death of Mrs. Gordon.

Mrs. Ella A. Gordon, formerly Mrs. Louis Weishaar of Mayfield, passed away at her home at Azule, Los Angeles county on Thursday after a lingering illness. The deceased was a sister of Mrs. A. J. Fromm of this city who was at her bedside when she passed to the "other shore." Mrs. Gordon was born in Los Gatos but when a child moved with her parents to Pescadero, where she was raised and educated. Mrs. Gordon was well known in this community and was loved and esteemed by all who knew her. Her untimely death will be a shock to her many friends in this locality. She is survived by her husband, J. F. Gordon, George Weishaar, a son by her former husband and Ross Gordon, a son, and George F. Smith, a brother residing at Pescadero, and a sister, Mrs. Dawson of San Jose.

NEW ENTERPRISE MEANS MUCH FOR REDWOOD CITY

Within the next two weeks or so Redwood City will be made the distributing point for San Joaquin and Sacramento valley products.

W. C. Graves jr. who some time ago purchased the Clark Rice property located at the foot of Main street has about completed the wharf and warehouse construction. The gasolino schooner "Belvedere" has been purchased by Mr. Graves. The vessel is now lying at the wharf of the Peninsula Dock and Warehouse Company, that being the name of Mr. Graves' company. Within a short time this vessel will be put on the valley rivers route, carrying produce to Redwood City from which point these products will be distributed to the retail trade by means of auto trucks.

Speaking with Mr. Graves about his new enterprise, this is what he had to say:

"I will have men in the San Joaquin and Sacramento valleys buying produce from the farmers direct. The products purchased will be delivered at landing points on the rivers. They will be carried directly to Redwood City on my own vessels, and from here will be distributed all through San Mateo county and parts of Santa Clara county. I figure that I will be able to bring produce to the retail merchant's store at a better price than they could possibly buy delivered from any other point of distribution, in so far that I will save the handling of the produce twice, besides the rail freight. I will also be able to fill orders much more quickly than they can possibly be filled under existing conditions."

One of our leading merchants discussing this enterprise said, "Redwood City is to be congratulated upon having a distributing depot for valley products, not only because we feel that we will be able to handle fresher goods, but will be able to bly these at a better price. I understand that merchants in other Peninsula towns feel the same way about this enterprise as we do."

LOCAL NEWS NOTES.

Much interest is being manifested by all tennis fans of Redwood City in the approaching men's singles handicap tournament which will be played on the local grammar school courts on the 20th and 21st of this month. Handicaps will be arranged by the committee in charge to the best interests of all competitors. Two splendid trophies will be awarded to the finalists. All resident tennis players of Redwood City are eligible. Applications must be in by the 15th of the month, accompanied by an entrance fee of 50c, which applications are to be mailed or delivered to Dr. N. C. Cummings or R. H. Curran.

Mrs. May Stockmeyer of San Francisco and Miss Madge O'Brien of Cambridge, Mass., are visiting friends in this city. They are perfectly charmed with Redwood City and the pretty homes and intend to make an extended visit.

Mrs. H. H. Sears, wife of the city engineer, left last Sunday accompanied by her little son Alfred for New York, to spend three months with her parents.

Roy W. Cloud returned last evening from the coast side of the county, where he had been holding 8th grade examinations. He was accompanied by Mrs. Cloud, Miss Alice Holden and Miss Katherine Wolfenden.

R. B. Lindsay, the society man of Hillsborough wanted for passing fraudulent drafts on San Mateo merchants, was arrested in Milwaukee, Wis., yesterday. The sheriff's office was notified of his apprehension late last evening.

On the recommendation of the San Mateo County Fair Commission the Board of Supervisors on Monday appointed H. C. Tuchsen as secretary of the county's exhibit at the Panama-Pacific Exposition at a salary of $150 per month, after first accepting Mr. Tuchsen's resignation as a member of the advisory road commission. The appointment of Mr. Tuchsen is an excellent one and the commissioners could have suggested no better man for the place. He has been active in the affairs of the county for some years and is one of our city trustees. He will devote all his time to his new duties. Mr. A. G. C. Hahn, former managing commissioner, found that he could no longer spare the necessary time from his private business and made way for Mr. Tuchsen's appointment after doing excellent work.

The next meeting of the San Mateo County Center, Civic Leage of California, will be held at the Woman's Club house, Redwood Highlands, next Tuesday, June 9th. M. B. Johnson, president of the Development board, will speak on the county's needs, and A. McSweeney on Present Methods of Taxation. All interested are invited to attend.

$10.00 Reward for returning young peacock. Lost in Menlo Park June 4th. Enquire Duff and Doyles.

A WOMAN WHO DARED.

Mrs. A. L. A. Robinson Has Explored Regions Never Trodden Before by a White Woman.

One of the most remarkable women in the world is Mrs. A. L. A. Robinson, who lectures here on the Chautauqua program. She is an Australian by birth, but has lived in America a number of years. She has traveled four times around the world and has left the beaten track and explored regions where no other white woman has been, facing innumerable perils and dangers.

Mrs. Robinson did most of her traveling as a representative of a literary

syndicate and thus was granted opportunities and privileges which are denied to the ordinary traveler. In her platform work she is blessed with an adequate voice, which, while it has splendid carrying power, still retains its soft musical qualities that render it pleasing to the ear. Her descriptive powers and her marked sense of humor render her lectures captivating.

Mrs. Robinson will lecture here on the fifth day of the Chautauqua. She is a fellow of the Royal Scottish Geographical society and has been honored in all parts of the world. The Christian World of London, England, says, "She possesses the frank good fellowship which fairly captivates the crowds that come under her influence."

NG POON CHEW.

This Chinese is one of the most brilliant members of his race and has been honored not only by his native country, but by America as well. In this country he is recognized as one of the most forceful orators on the public platform, his wit and sparkling humor having won for him the deserved title of "The Oriental Mark Twain."

Ng Poon Chew came to America when but a lad, determined to learn for himself something about this glorious land, of which he had heard so much. His father bitterly opposed his coming, but the boy had become interested in America, and he persisted until the father yielded and gave his consent. He obtained a college education in this country and then returned to China He has been a power in assisting in the launching of the new republic.

At present he is editor of Chung Sai Yat Po, a Chinese daily newspaper published in San Francisco. He was appointed consul general for China at San Francisco, but has resigned the position. He has been touring the United States and everywhere has been received with enthusiasm. He speaks splendid English, and his messages are filled with things to think about. He'll lecture on the third day of the Chautauqua, and those who know Ng Poon Chew say that he'll tell us some things about our Uncle Sam we hadn't thought about.

NOTICE TO BIDDERS.

OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS. San Mateo County, California, June 1st, 1914.

Sealed bids will be received by the clerk of the Board of Supervisors of San Mateo county, at his office, until 10 o'clock a. m. MONDAY, June 22, 1914, for the construction of 5.414 miles of highway on the new Redwood City to San Gregorio Road, beginning at a point on the summit of said road and extending to a point on the present County road near the point where said road crosses Woodruff Creek, Route 6, Division 2, Section 6, of San Mateo County Highways.

Specifications for this work are on file in the office of the clerk of said Board, to which bidders are hereby referred.

All bids must be made upon blank form to be obtained at the county surveyor's office of said county, at Redwood City; must give the prices proposed, both in writing and figures, and must be signed by the bidder, with his address.

The bid is to be accompanied with a certified check equal to ten (10) per cent of the total of the bid, upon the condition that if said bid shall be accepted, the party bidding will duly enter into the contract and faithfully perform his contract in accordance with his bid and the plans and specifications. Such check to be made payable to said County of San Mateo.

A common law bond will be required for the faithful performance of the contract in such sum as shall be fixed by the said Board of Supervisors after the bids are opened; said sum shall not be less than one-fourth (¼), and not more than one-half (½) of the estimated amount of the contract; and a further bond in a sum equal to one-half (½) of the estimated amount of the contract must be furnished as required by the terms of an act entitled "An act to secure the payment of the claims of material-men, mechanics or laborers employed by contractors, upon State, municipal, or other public works," approved March 27, 1897, and acts amendatory thereof.

The contractor to whom the contract may be awarded will be required to appear at the office of the county clerk, with the sureties offered by him, and execute the contract within ten (10) days (not including Sunday), from the date of the awarding of the contract, and in case of failure or neglect so to do, he will be considered as having abandoned it, and the check shall be forfeited to the said County of San Mateo.

Bids must be enclosed in a sealed envelope, addressed to the clerk of the Board of Supervisors, and must be endorsed "Bids for Constructing a portion of Redwood City-San Gregorio Road."

The Board of Supervisors reserves the right to reject any and all bids.

JOS. H. NASH,
Clerk of the Board of Supervisors of the County of San Mateo.
